PERSONAL PROFILE

I'm a passionate Full Stack Developer with expertise in web and mobile applications development. I enjoy crafting user-friendly solutions and thrive in collaborative teams. My commitment to staying updated with the latest tech trends drives my work.

WORK EXPERIENCE

Full stack developer

Missions and tasks carried out at Tunisie Telecom January 2022 to February 2022

- I enhanced the company's web page aesthetics through the recommendation of CSS for improved styling.

- successfully created a crud web app utilizing SQL database.

PERSONAL PROJECTS

ShareAI Prompts

- This Next.js web app leverages NextAuth.js for seamless Google login functionality. Users can share AI prompts with each other, utilizing server-side components and a RESTful API built with Next.js

Mern blog

- This MERN-based blog web app includes JWT authentication and mongoose & image, text editing management. Users can create, edit, and delete blog posts while uploading images to enhance their content.

Arabic Quiz App (Google Play)

- Developed a successful Arabic quiz app using Unity for Android, amassing 100k+ downloads. The app offers language proficiency, vocabulary, and cultural quizzes, highlighting my Unity game development expertise.

Full-Stack CRUD App with JWT Auth and Image Uploads

- Developed a CRUD app with JWT auth, image uploads, and SQL DB. Expertise in Angular, Bootstrap, Spring Boot, and secure authentication.
